SOKRATIS ANAGNOSTOPOULOS

20 September, 2018

To whom it may concern,

This letter is to confirm that Sokratis Anagnostopoulos was awarded a mark of 85% for his third year Individual Research Project in 2017. This was the highest mark awarded for any student project in the third year cohort of 173 students on our BEng and MEng programmes.

For his fourth year Group Industrial Project he was awarded a mark of 81%. This was the 3rd highest mark in the fourth year cohort of 138 students on our MEng programmes.

For these excellent achievements, Sokratis won a Faculty of Engineering Hele Shaw prize when he graduated at the end of his fourth year of study in 2018.

Yours faithfully,

A handwritten signature in black ink, appearing to read 'P. Wilcox', with a long horizontal flourish extending to the right.

Paul Wilcox.
